

Plethora Power Private Ltd

ABUNDANCE IS WHAT YOU DESERVE

ABOUT US

The final need of the hour is the green solution to the natural deficit of fossil fuels. Lithium ion batteries can play a pivotal role in battling the depletion of fossil fuels from the face of earth.

Plethora Power Pvt. Ltd. is a one of a kind organization that functions with the central aim of creating excellence and ecological value for the environment on a daily basis. We are backed by an efficient and knowledgeable team of engineers, R&D section and designers who help us in achieving this goal.

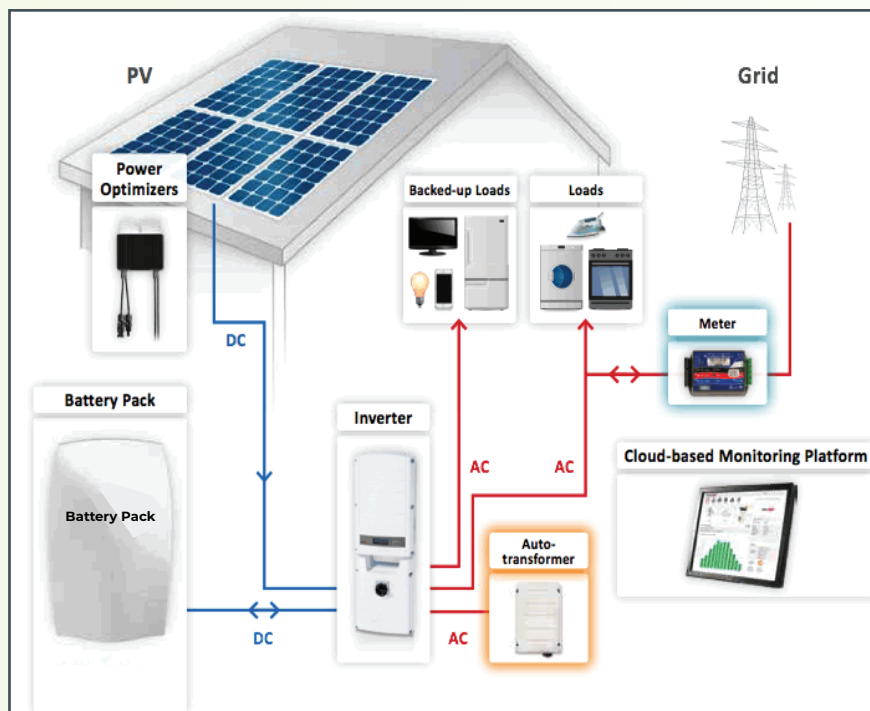

Our central objective is to gain **Happy customers** in every single project that we take up and also help our clients do their part for the environment.

We are experts when it comes to **Environment friendly solutions.**

VISION

TO EMPOWER ANYTHING AND EVERYTHING THAT
NEEDS POWER.

Our vision stands firm to become the largest setup and manufacturer of green substitutes. Be it **ANYWHERE - ANY SIZE - ANY MEDIUM** **Plethora Power Pvt. Ltd.** aims to provide the best Commercial, Industrial, Institutional, Residential power solutions and Lithium-ion battery packs.

PRODUCTS

SOLAR PROJECTS

ON GRID

- 1 BATTERY LESS
- 2 MAINTENANCE FREE
- 3 RESELL EXTRA POWER TO ELECTRICITY BOARD

OFF GRID

- 1 SAVE EXTRA ENERGY IN BATTERIES
- 2 USED IN AREAS WITH FREQUENT POWER CUTS
- 3 IN BUILT SOLAR CHARGE CONTROLLER

LITHIUM-ION BATTERY PACKS

ELECTRIC VEHICLES

LITHIUM ION CELLS

INVERTERS

SOLAR SYSTEM

CUSTOMISE

ANY SIZE, SHAPE & CAPACITY

RANGE

10 Ah - 200 Ah
12 volt - 72 volt

LITHIUM-ION BATTERIES

THE FUTURE DEMANDS & WE SUPPLY IT RIGHT NOW

Upto **4x** lifecycles

Upto **3x** lighter

Hassle **Free**

Multiutility

Smaller size

More **Usable** energy

Better **Energy** density

Certified and advance technology

WHY CHOOSE US ?

-  Eco friendly technologies
-  A proficient in-house team of engineers, R&D section and design experts
-  Customisable lithium ion batteries and power solutions in accordance to space, consumption, geographic conditions, high & low tensions and challenges
-  Stringent and transparent procurement policies
-  100% presence with dedicated team in erection and commissioning till complete customer satisfaction
-  Assistance and services post project *
-  Serving a wide range of clientele ranging from **KW to MW**
